EXPLOSION IS

MONTREAL (AP) - A drifting bargeload of dynamite spread terror along Montreal's busy ship ping lanes for nearly nine hours Monday and halted traffic on the St. Lawrence Seaway.

With a watchman and 8,000 pounds of high explosive aboard but no engine, the barge broke loose from its moorings at Beauharnois.

Gusty winds and choppy currents moved it around Lake St. Louis before it hit a sand bar near St. Bernard's Island. It was finally tied down.

Traffic had been halted across the Canadian Pacific Railway bridge between Montreal Island and Caughnawaga, on the south shore of the St. Lawrence River The dynamite is for use on a construction job.
